

Dear Powers-That-Be in the FCC:

PLEASE DO NOT ALLOW ANY MORE MONOPOLIES TO FORM IN OUR AMERICAN MEDIA! As it stands today neither I nor many others that I know believe ANYTHING we see, hear or read in the American media. I go online to foreign sources for the news, since much of what is being presented currently is skewed to the Bush Administration's agenda; downright lies and other fabrications. If you allow a handful of powerful corporations and their leaders to control our media this is just another nail in the coffin of American freedoms! You are supposed to be standing as a bulwark against such intrusions. I again admonish the FCC to cease, desist and disallow any more monopolizing of our media by these conglomerates!

Sincerely,

Kira Pitre - American
